**Mission**
To assist the Credit Union System to develop the capacity to empower the Latino Community with the ability to develop family wealth, economic opportunity, and financial stability.

**Vision**
To become a national financial services network committed to serving the Latino community through financial education, access to meaningful financial products and services, development of professional and volunteer leadership within the Credit Union System, and by creating opportunities for economic development within Latino communities.

Network of Latino Credit Unions & Professionals

NLCUP, the Network of Latino Credit Unions and Professionals, was incorporated in April 2006 to promote the credit union philosophy within the Latino community.

The Network’s objectives are:

1. Promote the credit union model and credit union membership to the Latino community
2. Serve as a principal advocate for the Latino community, and Credit Union System institutions committed to serving the Latino community on issues related to financial education, financial services and economic opportunity
3. Promote and develop innovative solutions that meet the Latino Community financial needs
4. Sponsor and develop Latino leadership and representation at all levels within the credit union system
5. Promote financial education and asset-building within the Hispanic community
6. Develop an international network of credit union institutions committed to economic opportunity and financial growth in Latino communities
